WEBINAR & WORKSHOPS

Interventions to promote the well-being of migrant and refugee adolescents in schools

THE PROJECT

An EU Horizon 2020 research project, RefugeesWellSchool (RWS) implemented and evaluated preventive psychosocial interventions in schools in order to promote the well-being of migrant and refugee adolescents. The project took place in Belgium, Denmark, Finland, Norway, Sweden and the UK.

THE INTERVENTIONS

RWS implemented five interventions, all focusing on enhancing social support, social networks and social cohesion.

- Classroom Drama
- Welcome To School
- Peer Integration & Enhancement Resource
- In-Service Teacher Training
- In-Service Teacher Training with Teaching Recovery Techniques

WEBINAR & WORKSHOPS – JOIN US!

On 21st March 2022, RWS will host an online webinar and implementation workshops.

Webinar 10:00 – 13:00

Join the webinar to learn about migrant adolescents' mental health, well-being in schools, and the results of the RWS project.

Programme TBA.

Workshops 14:00 – 15:30

Join a workshop on one of the five interventions and learn about how to implement that intervention in schools.

REGISTER

Register for the webinar, workshops or both [here](#).
